

# Teacher Resources

Welcome to the ToxMystery Teachers Resources page. The following lesson plans and activity sheets can be used in the classroom or at home. *These pages are in PDF FORMAT and require Adobe Acrobat Reader to view. It may take a moment for Adobe Acrobat to open.*

## Lesson Plans

*Click on the links to view, print or download the lessons plans and activity packets.*

### [Lesson Plan 1: ToxMystery: Introduction to Common Household Chemical Hazards](#)

This lesson plan will introduce students to potential environmental health hazards in their day-to day environment. Students will be introduced to ToxMystery, and either individually or in groups, they will find potential environmental health hazards in each room of the house.

### [Lesson 1 Activity Sheets](#)

### [Lesson Plan 2: CASE BOOK: CATCH THAT HAZARD!!!](#)

This lesson plan is a follow up lesson to the introductory ToxMystery activity lesson. It is a paper-based activity that incorporates the character "Toxie" from the computer game activity into a detectives "Case Book". Students will work with the packet "Catch That Hazard"

### [Lesson 2 Activity Packet](#)

### [Lesson Plan 3: ACID OR BASE? TOXIES ON THE CASE!](#)

This lesson plan will extend the inquiry started in the ToxMystery activity by introducing students to the world of acidity and alkalinity in household products.

### [Lesson 3 Activity Packet](#)

## Extra Activities and Resources

*Click on the links to view, print or download the activities and resources.*

### [ToxMystery Award Certificate](#)

A printable blank certificate for photocopy.

### [ToxMystery Multiple Choice Quiz](#)

A printable multiple choice test for standalone testing or as an open website test to reinforce the lesson.

## Activity Pages

### [Word Scramble](#)

Unscramble the names of the hazards in the laundry room and the utility room

### [Match Game](#)

Match the hazard to its picture

### [Word Search](#)

Find the words of the hazards found in Toxie's house

### [Toxie's Maze](#)

Help Toxie find his way out of the maze

### [Who is Toxie?](#)

Circle the cat that is the real Toxie
